Disfigured by Eruptions  
AND CURED BY  
**AYER'S SARSAPARILLA**

"Some years ago, I was in a terrible condition with a eruption, which broke out all over my face and body. Seeing the testimonials of others as to the efficacy of Ayer's Sarsaparilla in like cases, I concluded to give this medicine a trial, and the result was a thorough cure, the signs of the complaint making its appearance since. I have no hesitation in recommending Ayer's Sarsaparilla for any kind of skin disease."—J. W. DEX, New York, N.Y.

FRIDAY, MAY 3, 1895.

The fact that speech is silver and silence golden, was never so exemplified in the history of the world. The silver men are doing all the talking.—F. Capital.

The report of the Committee on Governor's Election in Tennessee throws out enough votes to convert the 574 plurality for Evans on the face of the returns, into a plurality of 2,358 for Turney.

George Jacob Schweinfurth, the pretended Mesiah; Mary Weldon, Jeabell Tuttle and Marguerite Taft Weldon, who have been indicted at Rockford, Ill., for living in open adultery. The women are angels at the famous "Heaven."

The State Board of Equalization has completed its assessment of the State, which \$14,000,000 over and above that made by the County Assessors. This is the greatest increase known, except that of 1893, and this will not bring the total valuation up to that of last year.

The State government has nothing whatever to do with the currency question and it would be nonsensical to drag it into the campaign. It can only create discord and cannot possibly accomplish any good. The fight should be made on direct issues. The Democratic record in the government of Kentucky is good enough to campaign with. A comparison with Republican records in other states will furnish all the emphasis which may be needed.

Arch Brown, son and private secretary of Governor John Brown, was killed in a house of ill fame in Louisville a few nights ago by the husband of the woman in whose company he was found.

Fulton Gordon was the man. He watched the couple enter the house and surprised them a short time afterward. Brown also fired two shots, one of them taking effect slightly. After a desperate struggle Gordon secured Brown's pistol and with it fired the fatal shot, and then killed his faithless wife. She was from one of the most prominent families of the State. He was proprietor of the Kenyon Hotel at Frankfort for several years. It is a most deplorable affair.

Hon. J. B. McCreary made through the Courier-Journal Thursday a plain and full statement of his views on the silver question, which has become the absorbing issue in the senatorial contest. Mr. McCreary declares himself a bimetalist. He favors the largest possible use of silver and gold, but believes that unlimited free coinage of silver without an international agreement would result in gold monometallism. He thinks an international agreement is becoming constantly more probable, and meantime favors the coinage of silver bullion now in the Treasury, and the enactment of a law providing for the coinage of from \$2,000,000 to \$4,000,000 of silver every month.

FOR SALE:—A new \$100 bicycle for \$75. Part cash, balance easy payments. 1895 pattern, pneumatic tires, fine wheels, never been used. M. F. CONLEY.

Republican papers raise a great howl about the Treasury of Kentucky, but you have doubtless noticed that none of them give a statement of the true situation. The mistake made by the Democrats (if any was made) was in reducing the tax rate from 4 1/2 to 4 1/4 cents on \$100 worth. Did anybody kick about the reduction? No; except some of the administration who foresaw greater demands for the future. What were these greater demands upon the treasury? The Constitutional Convention and the natural and necessary results following—chief among which was an unusually long session of the Legislature. Did not the Republican party help to pass the call for the constitutional convention? It is said that a greater per cent. of Republicans voted for it than of Democrats.

The rate of taxation in Kentucky is one of the lowest in the Union. We shall publish some figures on this soon.

If this country should throw its mints open to a free and unlimited coinage of silver, what a picnic it would be for silver-mined owners of other countries. They are now getting about fifty cents an ounce for silver; under free coinage they could bring their silver here and coin an ounce into a dollar, demand a gold dollar for it, and take the gold home with them. Thus, and in other ways, the silver would soon drive out the gold, and in our dealings with other countries we would lose the difference between bullion value and the face value of our money. Give us an international agreement before free and unlimited coinage.

The theories of extremists are nearly always dangerous. The wisdom of the free coinage of the silver product of our own country only is questionable enough, without talking about unlimited coinage.

Joe Blackburn and Gov. Brown are out for United States Senator upon a platform of free and unlimited coinage of silver at a ratio of 16 to 1. James B. McCreary declares for the safer and more acceptable doctrine of free coinage when an international agreement shall have been reached and not before.

**A QUARTER CENTURY TEST.**  
For a quarter of a century Dr. King's New Discovery has been tested, and the millions who have received benefit from its use testify to its wonderful curative powers in all diseases of throat, chest and lungs. A remedy that has stood the test so long and that has given so universal satisfaction is no experiment. Each bottle is positively guaranteed to give relief, or money will be refunded. It is admitted to be the most reliable for coughs and colds. Trial bottles free at A. M. Hughes' drugstore. Large size 50c, and \$1.00.

**Dead Letter List.**

DWALE, KY.

Rev. C. W. Shearer, of Barbourville, W. Va., registered at the Finlayson House last Thursday enroute to Prater where he held quarterly meeting on Sunday.

Hon. John H. Johnson, of Prestonsburg, was with us today looking after his political interests. John is a candidate for the membership of the next General Assembly of Ky.

Prof. A. B. Stephens, of Beaver, is conducting a Normal near this place with a fair attendance. We are glad to note that Prof. Stephens is taking this step and giving the aspiring teachers a thorough drill and teaching the young idea how to shoot.

Miss Trinnie Fairchild, who is attending school at Prestonsburg, visited home folks Saturday and Sunday.

The new steamer J. C. Hopkins No. 2, arrived at this port for the first time last Sunday.

The new Telephone Co., of Beaver, are having the wire put up from Dwale to Alpharetta. It is expected that it will be extended to Hindman soon. Rob. Stafford, of Paintsville, is conducting the work.

Capt. John Finlayson and family visited friends and relatives on Beaver Sunday.

D. M. Mayo, of Cannonsburg, is now with home folks on Beaver. Little Henderson, son of J. S. Hatcher, who has been sick for some time, is convalescent.

There will be a Literary Society organized at Prof. Stephens' school house Thursday night. OS. DIX.

PAINTSVILLE.

Ham Walter S. Harkins was in town yesterday.

Col. Stacy, president of the Sandy River Canal Coal Co., left for his home yesterday morning.

Joe C. C. Mayo is in town for a few days.

It is common rumor here that some boys broke into L. M. Williams whiskey boat and carried away about 24 gallons of whiskey.

Some good women found seven jugs of the stuff and destroyed it.

Two fines have been assessed against L. M. Williams for selling whiskey recently and we predict that County Judge Littell will see to it that the retailing of whiskey will be abandoned in our place.

**In Memoriam.**

Mrs. Fannie Ball died April 15th, 1895, aged 25 years. She leaves a husband and two children to mourn. One child had gone on before. She died in the full triumph of a living faith. She said to her companion and physician, "I am not afraid to die." Through her suffering her trust was in God. She married Cornelius Ball Feb. 1st, 1890, and lived a joyous life in peace and harmony with all. Mr. Ball desires to return thanks to his many friends for their kindness during the sickness, death and burial of his wife.

**BEFORE**  
I could get relief from a most horrible blood disease, I had spent hundreds of dollars TRYING various remedies and physicians, none of which did me any good. My finger nails came off, and my hair came out, leaving me perfectly bald. I then went to

**OBITUARY.**  
The grim Reaper has once again visited our vicinity and removed from our midst Mary Elizabeth, daughter of L. A. and Anisa Hewlett. Born Nov. 1, 1889, and departed this life April 5th, 1895, at her home on Rove Creek, Ky.  
She had been a sufferer for many months and although so young, she bore all her pains with much patience. She possessed a wonderfully bright intellect, and on many occasions expressed ideas far in advance of her age. She was the idol of her parents and all who knew her.  
She was taken to school and there before the pupils and visitors she admirably sang several songs, among them, "We a little infant band," to the admiration and applause of all who heard it.  
It was hard for father, mother, brothers and sisters—so hard to speak the words: "We must part." But God, who doeth all things well, needed one more angel child, and with his loving smile bent and clasped little Mary's hand and bore her on wings of love from this world of grief to dwell with Him on high.  
While a link is broken in the family circle on earth, she and her two sisters who preceded her only a short time, are forming a chain in that Celestial City never more to be broken.  
The bereaved family have the heartfelt sympathy of the entire community. May God, who is always able, administer to their comfort in this their time of bereavement and sorrow.  
This lovely but so young and fair Called hence by early doom, Just came to see how sweet a flower In paradise could bloom.  
Ere sin could harm or sorrow fade, Death came with friendly care, The opening bud to heaven conveyed And bade it blossom there.  
Thelma.

**Opium Habit Cured.**

Six weeks' of the Electropoise cured a friend of the opium habit. It also benefited me a great deal. I suffered with kidney trouble.—Rev. W. Bruce, Hopkinsville, Ky.

From the editorial columns of the Western Recorder:—If there is any truth in men and women, it does indeed benefit in hundreds of cases of all kinds of sickness. A friend who had suffered long with nervous prostration wrote that it had cured her. A gentleman in the city, who, a year ago, seemed to have only a few days of life left him by consumption, has greatly improved, has been able to go on uninterrupted with his business. Two other personal friends said nothing had ever done so much for their rheumatism. Nothing has ever received so many testimonials from trustworthy persons.

"One night's use of the Electropoise gave me relief from brain congestion and vertigo. I have been a well man ever since."—Rev. George H. Means, Covington, Ky.

Electropoise put out on trial for four months for \$10. Send for particulars.
